SUMMARY

Computer Science undergraduate with hands-on experience in web development and strong programming fundamentals in Java and SQL. Focused on building scalable backend logic and AI-driven applications through the development of full-stack platforms and automated management systems. Proven ability to implement core system improvements and deliver high-performance solutions from initial design to deployment within collaborative, professional environments.

EDUCATION

B.Tech – Computer Science, Jain University, Bangalore

CGPA: 8.2/10

SKILLS

Programming Languages

Python(basics), Java

Databases

MySQL, SQL, Firebase, MongoDB

Core Computer Science Concepts

Data Structures and Algorithms, Object-Oriented Programming (OOP)

Web Technologies

HTML, CSS, JavaScript

Tools & Platforms

Git, GitHub, REST API, Postman, Vercel

Professional Skills

Technical Documentation, Project Lifecycle Management, Status Reporting

PROJECTS

Desi Etsy – Online Marketplace

- Architecture Design: Expanded a handcrafted product marketplace featuring a secure authentication system for 100+ users and scalable product management.
- Dashboard Management: Created a unified admin dashboard using the MERN stack to streamline workflows for multiple sellers.

College Transport Management System

- Process Automation: Built a web application that systematized bus pass generation for 500+ students, replacing manual administrative tasks.
- Logistics Tracking: Incorporated real-time monitoring features using Firebase to enhance campus logistics and data integrity.

Fitness and Nutrition Website

- AI Integration: Enhanced a platform providing AI-driven live exercise guidance using OpenCV and Python.
- Image Analysis: Formulated a nutrient detection module utilizing Machine Learning for mechanized analysis of diverse food images.

PROFESSIONAL EXPERIENCE

Intern | Infotact Solutions Three-Month Web Development Training & Internship

- Full-Stack Development: Collaborated in a team of 5 developers to deliver 4 production-ready full-stack features within a professional environment.
